Introduction to the City of Vaughan Archives' Finding Aid

The purpose of the City of Vaughan Archives Finding Aid is to provide access to a given body of records by representing those external and internal components of a fonds and its constituent parts brought to light during the analysis of the fonds' characteristics (i.e. during arrangement). A fonds is defined as the totality of records or papers created and/or accumulated and used by an individual, family, or corporate body throughout their existence. The external structure of a fonds consists of contextual information relating to the record creator (i.e. the person, family or corporate body chiefly responsible for the creation and/or accumulation and use of a fonds), that is to say, information relating to the history, organization, functions and activities of a records creator that give shape to the fonds. The internal structure of the fonds is concerned with the latter's documentary nature, or with the actual records themselves: their arrangement, organization, classification, documentary form, etc. The reason for providing data about the external and internal nature of a fonds is to ensure that records can be seen in the context of their creation and so that they can be associated with the actions which brought them into existence in order for them to act as evidence of said actions.

Fonds may have a number of components. In terms of the concept of agent of creation (i.e. the person, family or corporate body responsible for the creation and/or accumulation and use of the fonds), a fonds may be divided into sous-fonds, which represent subordinate record-creating agencies (departments, bureaus, etc.) under the jurisdiction of the larger administrative body responsible for the creation of the fonds as a whole. For example, the fonds of the Vaughan Township Office of the Clerk-Treasurer, the Treasure Branch and General Administration Branch are the constituent sous-fonds. The actual records constituting a fonds (i.e. internal structure of a fonds) are grouped into bodies of like documents called series, with a series being an aggregate of records deriving unity from some common relationship arising out of the records' creation, receipt and use, and relating to the functions and or activities of the records' creator. Series in turn may be further divided into subseries, or even sub-subseries, these being naturally-defined subdivisions of series formed on the basis of a common feature such as documentary form, subject, arrangement in accordance with a filing system (chronological, alphabetical, subject, etc.), etc.

The format utilized to represent the part-to-whole structure of the fonds described in this Finding Aid is based on the Canadian data content standard Rules for Archival Description (RAD). All formal descriptions (i.e. those descriptions above the file level in the Finding Aid) are compiled in accordance with the guidelines outlined in RAD. Lists of files and items are presented as appendixes in the descriptive inventory, without regard to RAD.

Photocopying of documents in the City of Vaughan fonds is permitted except where documents fall under the personal information and privacy provisions of the Municipal Freedom of Information and Protection of Privacy Act. In such instances, the researcher is referred to the City Archivist for specific access procedures.

Part 1: Fonds Level Description

City of Vaughan Council fonds (RG 1)

Date(s) of creation 1812-2014
of record(s) Predominant 1849-2014

Physical Description

- 47 m of textual records
- Supporting cartographic material

Biography/History In 1850, as a consequence of the Robert Baldwin Act of 1849, the Vaughan Township Council came into being as a corporate entity. The legislation provided for the election of four Councillors and a Reeve with power to appoint officers, supervise statute labour, levy local taxes and borrow certain moneys. A Deputy-Reeve(s) was appointed from the members of Council. The Vaughan Township Council bore responsibility for all aspects of local government and administration in the Township. Council consisted of 4 Councillors and a Reeve.

The Reeve was the Head of Council and was elected by his fellow Councillors. As was the case for the entire Council, the office holder was required to live within a two mile radius of the municipality and possess the right to a legal or equitable freehold of \$400.00 or leasehold of \$800.00.

The duties of the Reeve included presiding as head of Council at all of the monthly Council meetings, and, in conjunction with the other council members, initiating and establishing the rules and regulations for the government of the municipality and reviewing the conduct of all officers in the employ of the municipality. The Reeve was also tasked with recommending to council ways and means of improving local finance, health, security, comfort and the aesthetic quality of the Township. Additionally, the incumbent served as the municipality's Justice of the Peace and was a member of the Vaughan Township Board of Health.

Deputy Reeves were elected by Council with their number proportional to the area's population. Their responsibilities varied only marginally from those of Councillor's -- the chief differentiating factor being that a Deputy Reeve served as a Reeve in the latter's absence.

Individual Councillors were elected by the constituents of their respective Wards. Council ultimately bore responsibility for all aspects of municipal governments as indicated earlier. Elections were held annually between 1850-1957, when two-year terms were introduced. This system was in place up until 1970. (For a chronological list of Vaughan Township Council members 1850-1970, refer to Appendix A).

The structure of Council changed in 1971 with the advent of regional government and the ascension of Vaughan Township to the status of a Town. From 1971-1988, Council consisted of four Local Councillors, one Local and Regional Councillor and a Mayor. As of 1989, the roster was increased to two Regional representatives. Council retained this latter structure as Vaughan attained City status in 1991. In 2003, three Regional Councillors were appointed. This structure has been maintained during the time-frame encompassed by the fonds.

Custodial History

The records of the City of Vaughan Council and its predecessor bodies were generated between 1849-2014. They were subsequently placed in the custody of the Office of the Clerk-Treasurer/Office of the City Clerk in 1968 in compliance with the Municipal Act, wherein the City Clerk is designated as keeper of the records.

Scope and Content

Fonds consists of records that reflect the functions and activities of Council as a legislative and regulatory body in legal matters, taxation, justice and public protection, education, public health and welfare, finance, public accountability and planning.

Notes

Title is based on the contents of the fonds.

The Minute Series (Series II) offers the highest level of insight vis-a-vis the work accomplishments and principals of Council throughout time. For those interested in the most detailed portrait of the innermost mechanisms and workings of the Council process, Series II should be used in conjunction with Series I, which is constituted of the working papers of Council (draft By-Laws, petitions, motions, resolutions and so forth). The Vaughan Township by-law series also possesses considerable evidential value, and thus should not be overlooked by researchers. (Evidential value may be defined as the value of records as authentic documentation of the organization and functioning of an agency). Series IV which includes minutes, reports and By-Laws of York County consists of merely three printed volumes and as such can at best be viewed as a somewhat representative sample of the material that originally constituted this aggregate of records.

Access Restrictions

Open

Accruals

Further accruals are expected.

Related Materials

Related material may be found in the Records of the Office of the Clerk-Treasurer, Vaughan Township fonds (1849-1968). The Clerk Treasurer, Vaughan Township was the chief instrument of Council policy, and accordingly, this fonds illustrates the means by which Council initiatives and decisions came

to be practically applied. The Correspondence series of this fonds includes examples of documentation addressed to Council but passed on by the latter to the Clerk-Treasurer for action.

For those researchers interested in the Woodbridge Municipal Council, RG 3, the Records of the Village of Woodbridge, 1869-1970, should be consulted.

Part 2: Series Level Description

Working Papers (RG 1/I)

Date(s) of creation of record(s) 1849-1928

Physical Description • 6.7 m of textual records

Scope and Content Series consists of draft motions, resolutions, minutes, calculations, along with occasional petitions, correspondence of Council and the electorate and other sundry documentation created by Council in the preparation of the official minutes and By-Laws.

These records help to delineate Council's functions, organization, activities and illuminate the origin, development and evolution of municipal policy in its most unrefined form. This series also provides evidence that failed to appear in the somewhat sanitized documents of final entry generated by Council such as minutes and By-Laws. The function of the Council as an early Court of Revision is chronicled here as well. (From 1850-1859, the Court of Revision was referred to as the Court of Appeal).

Notes Files for this series are arranged chronologically.

Council Agendas, Minutes and Resolutions (RG 1/IIa)

Date(s) of creation of record(s) 1850-2014

Physical Description • 13 m of textual records, 8 vols (loose)

Scope and Content Series consists of volumes recording the deliberations and decisions of the City of Vaughan Council and its predecessor bodies (Vaughan Township Council and Town of Vaughan Council) in its role as the municipality’s governing body. Records provide information as to annual Council membership, municipal appointments, as well as reports of standing committees, special committees, departments and deputations, motions and resolutions.

In terms of evidential and informational value, this series, along with the Council Committee Agendas and Minutes and By-Law series ranks as the most significant in the City of Vaughan Council fonds. It most thoroughly evidences activities, functions and policies of Vaughan’s municipal government from its inception to the advent of regional government. Additionally, the development of the community can in large measure be traced through this series, as can a litany of diverse subjects, such as the impact wrought by certain individuals on the area’s economic development. It is of note that agendas to the minutes first make their appearance in 1967.

Notes Files for this series are arranged chronologically.

Volumes for the period 1850-1936 are leather-bound, while those for 1937-2014, originally placed in clumsy binders, have for conservation reasons been placed in acid-free folders.

Accruals Series subject to frequent accruals.

Council Committee/Committee of the Whole Agendas & Minutes (RG 1/IIb)

Date(s) of creation of record(s) 1976-2014

Physical Description • 5.2 m of textual records

Scope and Content Series consists of records of the deliberations and decisions of the Town and City of Vaughan Council Committee. These records consist of notices of meetings and agendas, minutes, working notes, staff reports and related correspondence for Council appointed Committees such as Property Standards Committee, Planning Committee, Committee of Adjustment and so forth.

Notes Files for this series are arranged chronologically.

Accruals Series subject to frequent accruals.

By-Laws (RG 1/III)

**Date(s) of creation
of record(s)** 1850-2005

Physical Description • 12 m of textual records

Scope and Content Series consists of records which represent the continuing ordinances passed by Council to deal with internal management of the municipality's civic administration and political offices and to exercise its powers in the realm of local regulatory functions.

As the By-Laws represent the final decisions of Council on all matters brought before it, they provide an excellent source of evidence vis-a-vis the functions and activities of the Council as well as the civic administration. In addition, the series offers information relating to all manner of topical subjects and local personalities.

Notes Files for this series are arranged chronologically.

Commencing in 1931, the municipality indexed the By-Laws. Indices thus precede each annual aggregate of such records and are distinguished by green markers located in the right-hand corner of the folder tab in which the index is located. For the period 1850-1930, an index has been compiled by Archives Staff (see Appendix).

Missing By-Laws for years 1850-1853 appear in Box 23 (III) O.S.

Accruals Series subject to frequent accruals.

Petitions to Council (RG 1/IV)

Date(s) of creation of record(s) 1871-1881

Physical Description • 5.87 m of textual records

Scope and Content Series consists of formal written requests of supplicants to the municipal authority, requesting on the basis of specified legal entitlements, some dispensation such as redress of grievance, provision of particular services and so forth.

Notes Files for this series are arranged chronologically.

Other petitions and related records may be found throughout entire Series I: Working Papers.

Minutes, Reports, By-Laws etc. of York County Council (RG 1/V)

Date(s) of creation of record(s) 1885, 1936

Physical Description • 5 cm of textual records

Scope and Content Series consists of published printed matter attributable to the Council of the County of York. They were used by Vaughan Township Council as a reference tool in its official relations with the said higher jurisdiction. The informational content of these records includes officers and committees appointed by Council, Council deliberations and decisions, in addition to abstracts of accounts for County roads, schools, reports to committees to Council, petitions received by Council, resolutions of the latter and so forth.

Due to the paucity of surviving records, this series represents ipso facto a random sample, and as such assists in illuminating somewhat the functions and activities of the County Council and the nature of Vaughan's relationship therewith.

Notes Files for this series are arranged chronologically.

Court of Revisions Records (RG 1/VI)

Date(s) of creation of record(s) 1955-1970

Physical Description • 8 cm of textual records

Scope and Content Series consists of lists of appellants, correspondence, oaths/declarations of office of Court members, applications for adjustment of property taxes and minutes of the meetings of the Court of Revision including decisions rendered on specific properties. These records document Vaughan Township Council's assumption of the role of a Court of Revision to adjudicate in the matter of appeals against the assessment rolls of Vaughan Township between 1955 and 1964. From 1965-1970, the records chronicle the transfer of this role to the York County Council. Certain early Court of revision records may be found in Series I.

Notes Files for this series are arranged chronologically.

Additional records relating to the Court of Revision may be located in the records of the Vaughan Township Clerk-Treasurer fonds and after 1968, the records of the Vaughan Township/Town of Vaughan Treasurer Department fonds.

Restrictions This series is restricted in its entirety under the personal information confidentiality provisions of the FOI Act.
