## Introduction to the City of Vaughan Archives' Finding Aid

The purpose of the City of Vaughan Archives Finding Aid is to provide access to a given body of records by representing those external and internal components of a fonds and its constituent parts brought to light during the analysis of the fonds' characteristics (i.e. during arrangement). A fonds is defined as the totality of records or papers created and/or accumulated and used by an individual, family, or corporate body throughout their existence. The external structure of a fonds consists of contextual information relating to the record creator (i.e. the person, family or corporate body chiefly responsible for the creation and/or accumulation and use of a fonds), that is to say, information relating to the history, organization, functions and activities of a records creator that give shape to the fonds. The internal structure of the fonds is concerned with the latter's documentary nature, or with the actual records themselves: their arrangement, organization, classification, documentary form, etc. The reason for providing data about the external and internal nature of a fonds is to ensure that records can be seen in the context of their creation and so that they can be associated with the actions which brought them into existence in order for them to act as evidence of said actions.

Fonds may have a number of components. In terms of the concept of agent of creation (i.e. the person, family or corporate body responsible for the creation and/or accumulation and use of the fonds), a fonds may be divided into sous-fonds, which represent subordinate record-creating agencies (departments, bureaus, etc.) under the jurisdiction of the larger administrative body responsible for the creation of the fonds as a whole. For example, the fonds of the Vaughan Township Office of the Clerk-Treasurer, the Treasure Branch and General Administration Branch are the constituent sous-fonds. The actual records constituting a fonds (i.e. internal structure of a fonds) are grouped into bodies of like documents called series, with a series being an aggregate of records deriving unity from some common relationship arising out of the records' creation, receipt and use, and relating to the functions and or activities of the records' creator. Series in turn may be further divided into subseries, or even sub-subseries, these being naturally-defined subdivisions of series formed on the basis of a common feature such as documentary form, subject, arrangement in accordance with a filing system (chronological, alphabetical, subject, etc.), etc.

The format utilized to represent the part-to-whole structure of the fonds described in this Finding Aid is based on the Canadian data content standard Rules for Archival Description (RAD). All formal descriptions (i.e. those descriptions above the file level in the Finding Aid) are compiled in accordance with the guidelines outlined in RAD. Lists of files and items are presented as appendixes in the descriptive inventory, without regard to RAD.

Photocopying of documents in the City of Vaughan fonds is permitted except where documents fall under the personal information and privacy provisions of the Municipal Freedom of Information and Protection of Privacy Act. In such instances, the researcher is referred to the City Archivist for specific access procedures.

## Part 1: Fonds Level Description

### City of Vaughan Development Planning Department Fonds (RG 14)

<b>Date(s) of creation of record(s)</b>	1968-2015 Predominant 1968-1996
<b>Physical Description</b>	<ul style="list-style-type: none"> <li>• Ca. 1.35 m of textual records and supporting cartographic material</li> <li>• ca. 35 cm of aerial photographs: b&amp;w; 25 x 25 cm</li> <li>• ca. 100 cartographic items</li> <li>• 500 negatives</li> <li>• ca. 650 photographs: b&amp;w and col.; 13 x 21 cm or smaller</li> <li>• 4 computer disks</li> <li>• 179 projector slides</li> </ul>
<b>Biography/History</b>	<p>The City of Vaughan Planning Dept. is responsible for the planning and design of the municipality through the land planning process. This essential role has been maintained since the department's founding ca. 1955. As of the date of the latest revision of this description (1996), planning services are provided through two sections: Development Control Section and Long Range Planning and Policy Section. The Planning Development and Control Section provides input and information with respect to current land use issues and undertakes the review and processing of a variety of applications submitted to the municipality: official plan amendments, draft plans of subdivision, site plan approval, zoning by-law amendments, draft plans of condominium, part lot control; the Long Range Planning and Policy Section identifies strategic issues affecting the future options available to the City of Vaughan by undertaking and preparing: official plan amendments, policy documents, future land use and urban structure option evaluations, special studies, and secondary plans.</p>
<b>Scope and Content</b>	<p>At present, the fonds of the City of Vaughan Planning Department is constituted of three series: general reference files, 1968-1995; aerial photographs, [ca. 1940]-1991; and cartographic records, 1952-1982 (predominant ; 1964-1974). The first series is semi-active and consists of studies, reports, subject correspondence, by-laws, administrative records, as well as supporting maps and site plans.</p> <p>The aerial photographs provide evidence of the considerable physical transition experienced by Vaughan since WW II as a result of development. The cartographic records series consists of plats (i.e. maps showing land boundaries, subdivision, ownership, and all data essential to identify all units thereon), as well as base street maps and topographical maps.</p>

<b>Notes</b>	Title based on content of fonds.
<b>Accruals</b>	Fonds is subject to frequent accruals.
<b>Access Restrictions</b>	Access to General Reference Files restricted to City of Vaughan Planning Department staff. Aerial photographs are unrestricted.

## Cultural/Built Heritage Photographs and Resources (RG 14(M018.1)/VI)

**Date(s) of creation  
of record(s)** Ca. 1980-1997

**Physical Description**

- 3 cm of textual records
- 179 projector slides
- 65 colour photographs
- 7 colour polaroids
- Ca. 500 negatives

**Scope and Content** Series consists of items regarding the Maple Heritage District. Series also includes images of built heritage buildings, surrounding streets and documents relating to built heritage properties.

### **Cultural/Built Heritage Photographs and Resources (RG 14(M018.2/VII))**

**Date(s) of creation  
of record(s)** Ca. 1995-2007

**Physical Description**

- ca. 550 photographs
- 4 Computer Disks
- 6 cm of textual records

**Scope and Content** This series consists of digital and physical materials relating to the City of Vaughan's built heritage. Included in the series is Old House Interiors Magazine (1995-1998), as well as index cards found with the photographs, which detailed some supplementary building information. In addition, several floppy disks and CD's were included, containing supplementary heritage district photographs.

**Notes** Upon transfer of materials, all floppy disk files were checked, images were converted and saved on the Common Drive. Images found on these disks were also resaved onto two CDs and stored with the physical images. Once copied, the floppy disks were destroyed. Five of the CDs found also included duplicate images from the floppy disks, so these were destroyed later to avoid duplication.
