Introduction to the City of Vaughan Archives' Finding Aid

The purpose of the City of Vaughan Archives Finding Aid is to provide access to a given body of records by representing those external and internal components of a fonds and its constituent parts brought to light during the analysis of the fonds' characteristics (i.e. during arrangement). A fonds is defined as the totality of records or papers created and/or accumulated and used by an individual, family, or corporate body throughout their existence. The external structure of a fonds consists of contextual information relating to the record creator (i.e. the person, family or corporate body chiefly responsible for the creation and/or accumulation and use of a fonds), that is to say, information relating to the history, organization, functions and activities of a records creator that give shape to the fonds. The internal structure of the fonds is concerned with the latter's documentary nature, or with the actual records themselves: their arrangement, organization, classification, documentary form, etc. The reason for providing data about the external and internal nature of a fonds is to ensure that records can be seen in the context of their creation and so that they can be associated with the actions which brought them into existence in order for them to act as evidence of said actions.

Fonds may have a number of components. In terms of the concept of agent of creation (i.e. the person, family or corporate body responsible for the creation and/or accumulation and use of the fonds), a fonds may be divided into sous-fonds, which represent subordinate record-creating agencies (departments, bureaus, etc.) under the jurisdiction of the larger administrative body responsible for the creation of the fonds as a whole. For example, the fonds of the Vaughan Township Office of the Clerk-Treasurer, the Treasure Branch and General Administration Branch are the constituent sous-fonds. The actual records constituting a fonds (i.e. internal structure of a fonds) are grouped into bodies of like documents called series, with a series being an aggregate of records deriving unity from some common relationship arising out of the records' creation, receipt and use, and relating to the functions and or activities of the records' creator. Series in turn may be further divided into subseries, or even sub-subseries, these being naturally-defined subdivisions of series formed on the basis of a common feature such as documentary form, subject, arrangement in accordance with a filing system (chronological, alphabetical, subject, etc.), etc.

The format utilized to represent the part-to-whole structure of the fonds described in this Finding Aid is based on the Canadian data content standard Rules for Archival Description (RAD). All formal descriptions (i.e. those descriptions above the file level in the Finding Aid) are compiled in accordance with the guidelines outlined in RAD. Lists of files and items are presented as appendixes in the descriptive inventory, without regard to RAD.

Photocopying of documents in the City of Vaughan fonds is permitted except where documents fall under the personal information and privacy provisions of the Municipal Freedom of Information and Protection of Privacy Act. In such instances, the researcher is referred to the City Archivist for specific access procedures.

Part 1: Fonds Level Description

Woodbridge Agricultural Society fonds (MG 3)

Date(s) of creation 1876-2001, Predominant 1960-1989
of record(s)

Physical Description

- 4 m of textual records
- ca. 900 photographs: b&w and col.; 25 x 20.5 or smaller
- 1 videocassette

Biography/History The Woodbridge Agricultural Society was formed in 1890 following the amalgamation of the West York Agricultural Society and the Vaughan Agricultural Society.

The first joint annual agricultural fair was held in 1847 on the Stegman Estate in Pine Grove. The following year witnessed the fairs being held in Burwick (name changed to Woodbridge in 1871) and then alternately between Burwick/Woodbridge and Weston until 1885 at which time it found a permanent home in Woodbridge and received the official appellation of Woodbridge Fall Fair. (In 1885 the Ontario Provincial Government passed legislation requiring the agricultural fairs be permanently located).

The *raison d'être* of the Woodbridge Agricultural Society was the administration of the Woodbridge Fall Fair. Since 1939, the fair has been held continuously on Thanksgiving weekends, with its organization and administration a year-long affair. The predecessor agencies of the Woodbridge Agricultural Society were also instrumental in agricultural advocacy. The societies assisted in encouraging the appointment of the first Deputy-Minister of Agriculture and in 1868 a Commissioner of Agricultural (Federal), the latter evolving into a full-time Minister of Agriculture in 1888. With the advent of the Ministry of Agriculture, the societies devoted themselves to the administration of agricultural fairs. The Woodbridge Agricultural Society is the administrative and governing body of the Woodbridge Fall Fair.

Custodial History The records of the Woodbridge Agricultural Society and its predecessor agencies were generated between 1876 and 1989, with the bulk of materials relating to the period 1960-1989. Until 1990, the Society's records were held in the custody of the Woodbridge Agricultural Society Archivist, at which time the fonds was donated to the City of Vaughan Archives. Prior to this date, access was at the discretion of the City of Vaughan's Archivist.

Scope and Content Fonds consists of records which reflect the functions and activities of the subject agency, namely the administration of the Woodbridge Fall Fair.

Series I and Series II of MG 3 provide the largest degree of insight into the conduct of the Society's affairs. The first offers a view of the administration of Society business, namely the Woodbridge Fall Fair. Whereas, the second focuses on the actual operation of the Fair. The later accession M999.9 adds additional materials related to administration and operation. The fonds is primarily textual in terms of documentary form: correspondence, subject files, financial documents, legal records, by-laws, constitution, Board of Directors' minutes, lists of Board of Directors, general member lists, prize lists, fair programs, directories, promotional material, etc. To a lesser extent, graphic material is also represented: photographs, postcards, posters and videocassettes. A small series of ephemera is also present. Subject matter addressed by fonds' constituent records includes internal organization of Woodbridge Agricultural Society, funding (donations, grants, etc.), publication, membership and specific Fair-related events: opening and closing ceremonies, Miss Woodbridge Pageant, Demo Derby (videocassette), etc..

Noteworthy in the fonds are a history of the Woodbridge Fall Fair as well as postcards produced by the Society bearing images reproduced from ca. 1860-1910 and photographs of significant Woodbridge landmarks.

Notes Title is based on the contents of the fonds.
